Experience

UX/UI Design Engineer / Mobile Apps Product Owner • *Musicnotes* 2022-Present

Translate requirements into wireframes, mock-ups and prototypes for use by web, mobile apps and internal apps teams.

Implement designs in frontend code on legacy monolith site (ASP.NET) using CSHTML and Sass, and on modern microservice frontend (NextJS) using React and Typescript.

Maintain the *Unison Design System* — a Figma-based source of truth for design tokens, reusable web & app components, and brand style guidelines.

Provide support to marketing team in the form of graphic design, copywriting, and strategy.

Frontend Developer / Designer • *HDpiano* 2020-2022

Modernized frontend for speed, accessibility, and conversions using pure CSS and vanilla JS.

Conducted research/user interviews, maintained design system, and delivered wireframes and prototypes.

Contributed to marketing and SEO as a designer and copywriter.

Education
